CUBE WIZARD

For the first time in history of Tecnoesis, we are conducting a cubing workshop cum competition. We will be explaining the solving method (algorithms and short tricks) in a structured and lucid manner. The workshop will be of 3 hours followed by speed cubing competition on very next day. We'll emphasize on learning by doing methodology, where the participant will learn the algorithms by actually applying it on 3*3 cube. Many interesting speed cubing tips and tricks will be shared. Apart from this, the procedure of solving 2×2 and 4×4 cubes will also be discussed to make the workshop more attractive. So for all the individuals who are eager to learn cubing and not afraid to scratch their brains, this is the appropriate event to participate.

WORKSHOP on 25th October, 5:30-8:30 pm

Organizers: ABHIJNYAN CHANDRA (7908679472)

ANIRUDDHA BHATTACHARJEE (8638589303)

PRATEEK CHAND (9452872262)

SIDDHARTH BHANJA (9664618675)

UDIT PATHAK (9954960226)

ATMASHREE RAY (9531066265)
